

ALMOG COMPANY FOR THE MANUFACTURE OF
INDUSTRIAL OILS AND THEIR DERIVATIVES

**TECHNICAL DATA
SHEET (TDS)
HD 15W-40**

1. IDENTIFICATION OF THE SUBSTANCE AND MANUFACTURER.

Product trade-name: Heavy duty 15W-40

Product code: 3005

Manufacturer: Almog Company for the manufacture of industrial oils and their derivatives.

Address: Alahli Club Investment Building, floor NO.1, Alflah area, Tripoli, Libya.

2. CONSIST AND DESCRIPTION OF PRODUCT.

Heavy duty 15W-40 is premium multi-grade diesel engine oil consisting from a highest quality of mineral basis and additives, formulated for heavy and modern high speed diesel machine engines. As it has all conditions to meet API CI-4, so it works efficiently under extreme conditions and with a long-term life expectancy, it provides prolonged engine life by extended TBN quality reserve and reduced oil consumption with excellent soot and sludge control. It is produced for modern diesel engines.

3. APPLICATIONS.

Recommended use for all new generation diesel engines. It has excellent engine protection under high temperature and a good engine start up under cold condition. It is better all-round performance.

4. PACKAGING.

Heavy duty 15W-40 packed in container made from high-density polyethylene in the size of 20 liters.

5. TRANSPORT, HANDLING AND STORAGE.

Transport: Not hazardous

Handling: No special precautions necessary.

Storage: It should be according to ISO 2230. The storage accommodation should be cool, dry and moderately ventilated, not exposed to hot sun or freezing conditions.
